

Why **Aquabot**

Over the years our R&D engineers have introduced new and innovative solutions, producing higher quality, durable and improved user friendly units. This is reflected in the wide selection we offer for the majority of pools around, as well as advanced units under development and currently marketed state of the art units.

At Aquatron, we believe that our customers' needs come first and service is a mission for us. We service our units globally through a large network of distributors and service centers. Each one of these centers, located in over 40 countries, is staffed by personnel trained, guided and certified by Aquatron.

We thank the support of our loyal clients for their use of our automatic pool cleaners. We, at Aquatron, are committed to keep developing and producing a wide selection of better products while maintaining the best quality of service.

It's summer time!

It's **Aquabot** time. It's time to enjoy your pool!

It's **Aquabot** time

More Intelligence Solutions

AQUABOT POOL ROVER

- Jet propulsion
- Recommended pools: 9M
- Cycle :1H / 2H
- Power Supply: Basic
- Cable: 12M

AQUABOT NEPTUNO

- Cleans pool floor
- Recommended pools: 9M
- Cycle :1.5H
- Power Supply: Basic
- Cable: 14M

AQUABOT NEPTUNO TOP

- Cleans pool floor and cove
- Recommended pools: 9M
- Cycle :1.5H
- Power Supply: Basic
- Cable: 14M

JET

- Fast, easy, total pool cleaning with a simple one touch control.
- Fully automatic.
- No additional equipment is required.
- Patented Jet Drive Propulsion and "Never-Stuck" system

AQUABOT BRAVO

- Cleans pool floor and walls
- Recommended pools: 12M
- Cycle :2H
- Power Supply: Basic
- Cable: 16M

AQUABOT VIVA

- Cleans pool floor and walls
- Recommended pools: 15M
- Cycle :1.5/2/2.5H
- Power Supply: SPS400
- Cable: 18M

AQUABOT BRAVO TOP

- Cleans pool floor and walls
- Recommended pools: 12M
- Cycle :1/1.5/2H
- Power Supply: SPS200
- Cable: 16M

AQUABOT VIVA GO

- Cleans pool floor and walls
- Recommended pools: 15M
- Cycle :1.5/2/2.5H
- Power Supply: SPS400
- Cable: 18M
